Satatuote values Kiefel know-how

The Finnish thermoformed packaging expert has chosen a Kiefel thermoforming machine, the Speedformer KMD 78 Power.

Satatuote Oy is a manufacturer specialised in PET, PS and PP packaging for the food and medical sectors. Sustainability in packaging design, processing of recycled materials as well as energy efficiency in production are important to the company.

An important requirement for Satatuote was being able to use existing production tools: The forming, punching and stacking stations of the KMD 78 Power are designed to use existing RDK tools without necessitating any modifications.

In addition to tool flexibility, the KMD 78 Power's proven Speedformer technology and excellent cooperation with Kiefel's sales partner and tool specialist Techno Tool were critical for Satatuote's selecting the Speedformer.

(Fact Box)

Technical data

KMD 78 Power

Max. forming surface	760 x 580 mm
Max. tool dimensions	780 x 600 mm
Max. tool weight per table	300 kg
Max. formed part height	125 mm
Max. film width	810 mm
Max. production speed / BFS operation,	50 cycles/min. / 45 cycles/min.

(Fact Box)

KIEFEL GmbH develops and produces high quality machines for processing plastic films. Our customers include well-known manufacturers from the automotive, medical engineering, refrigerator and packaging industries.

Kiefel has a global presence thanks to our own sales and service branches in the USA, France, the Netherlands, Russia, China, Brazil, Indonesia and India, as well as our sales partners in more than 60 countries.

Kiefel owns the automotive specialist KIEFEL Automotive s.r.o. based in the Czech Republic, the Dutch thermoform toolmaker Kiefel Packaging BV and the Austrian company KIEFEL Packaging GmbH, a supplier of tools and automation solutions.

Kiefel and its subsidiaries employ around 1,160 staff. KIEFEL GmbH is a member of the Brückner group, based in Siegsdorf, which is a family owned group of medium-sized enterprises active in machinery and plant engineering with around 2,600 employees at 29 different locations worldwide.
